

ADMISSION NOTICE

Project Management Competencies for Professionals (PMC)

a six-week certificate course by IBA, University of Dhaka

Background

For about 60 years, IBA is defining the professional landscape of Bangladesh with its pioneering degree programs and cutting-edge executive courses. To professionally lead and accelerate the process of development, Bangladesh needs a large pool of trained project management professionals. This course aims at creating such an outstanding pool of professionals to lead projects for the government, businesses, and development organizations.

Course Overview

The course discusses essential concepts, tools and techniques of project management including, but not limited to, project design, project selection, scope and cost management, stakeholder management, activity planning, scheduling, risk management, and monitoring and evaluation. The course is built around classroom discussions, group exercises, and presentations.

Who is it for?

- Professionals who work (or aspire to work) as team leader, project director, project manager, technical lead, procurement specialist, M&E specialist, etc.;
- Government officials involved (or expect to be involved) in leading/managing projects under different ministries and agencies;
- Business professionals responsible for designing, implementing or evaluating investment feasibility, marketing campaigns, infrastructure projects, and the like;
- Development professionals leading (or expected to lead) socio-economic projects.

Eligibility

- Bachelor's or equivalent degree is required
- Two years of professional experience is preferred.
